IE | The Innovation Company

▶ https://www.ie.com.au

IE is an inclusive workplace and is sincerely committed to a future of equality - no matter race or ethnicity, gender, sexuality, ability, class, religion, or any other marker of identity. IE also stands on Wurundjeri lands and we stand in solidarity with the Wurundjeri people. IE's people live and work on the unceded lands of the Kulin Nation.

CSS3 Media Query to target only Internet Explorer (from IE6 to IE11+), Firefox, Chrome, Safari and/or Edge A set of useful CSS3 media queries to target only specific versions of the various browsers: Internet Explorer, Mozilla Firefox, Google Chrome, Apple Safari and Microsoft Edge February 27, 2018 - by Ryan - 5 Comments. 132.9K

CSS Media Queries for All Devices And Browsers | IE7, IE8

🔲 https://www.templatemonster.com/blog/css-media-queries-for-all-devices-and-brows...

CSS Media queries are supported in Internet Explorer (IE) 9+, Firefox 3.5+, Safari 3+, Opera 7+, as well as on smartphones and other screen-based devices. Although older versions of IE don't support media queries, still there is a way you can make it work.
